

Immunizations: How Is Your Child Doing?

Your local WIC Agency name
and Address here

Dear Parent,

Today we checked [REDACTED]'s Immunization Record. The information below tells you how your child is doing:

- Congratulations!!** Your child appears to be up-to-date on DTaP shots at this age. Please call your health care provider to see when your child's next immunizations are due.
- Your child may be due for more immunizations because one or more doses of the DTaP vaccine are missing from the shot record. Please call your child's health care provider today to see if the doctor wants your child to come in for immunizations.

Reminder!

Please bring your child's Immunization Record to your next WIC appointment.

Department of Health Services, Immunization Branch

Department of Health Services, Immunization Branch

Your child needs shots to be protected against serious diseases.

And, you need up-to-date immunization records to go to day care, HeadStart, and school.

Call your child's health care provider today to ask about needed shots.

The following locations offer FREE immunizations:

space for list of immunization clinics nearby
(insert a table, without border lines, to easily make your list)

Dear Health Care Provider: This child's parent/guardian provided his/her immunization record or other immunization record card to the WIC program for review. WIC staff reviewed the DTaP doses *only*. Based on this review, the parent was asked to telephone you to determine if you want the child to come in now for immunizations or, if you believe that immunizations are not needed now, the date the child should come in for his or her next immunizations. We hope that this information will assist you in your care of this patient. Please call us if you have questions or need further information.
